PETITIONS OFFICE

The above-identified applicant hereby petitions for revival of this patent application. Such application became abandoned for failure to notify the Office of a foreign

filing pursuant to 35 U.S.C. 122(b)(2)(B)(iii). A Notice of such foreign filing accompanies this Petition.

Please charge all fees associated with this Petition to Account No. 15-0875 (Owens-Illinois).

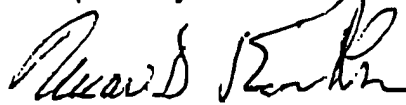

The above-identified application was filed with a Request for non-publication. A Request to Rescind the previous non-publication Request was subsequently filed, prior to foreign-filing the application, on PTO/SB/36 (11-00). The application was subsequently foreign filed on or slightly before the one-year anniversary of the U.S. filing date indicated above. A separate Notice of such foreign filing was not filed with the Office.

Applicant became aware that a separate foreign filing Notice was required, when using the earlier form PTO/SB/36 (11-00), upon noting on April 21, 2003 a "Reminder" to that effect posted on the PTO website apparently on or about April 11, 2003. This Petition has been promptly filed following noting such "Reminder."

A separate Notice of foreign filing accompanies this Petition. The Office has been requested to charge the Petition fee to a deposit account. It is hereby certified that the entire delay has been unintentional between the filing of the foreign applications and the filing of the present Petition and Notice.

In summary, revival of the subject application is respectfully requested.

Respectfully submitted,
